

brand reality no.02

## environment matters

What is your work environment like? Does it encourage expansive thinking and risk taking?  
An energizing workplace reflects your values and helps staff connect with the brand.

Our world is a 90-year old Midtown warehouse with gleaming maple floors, rough hewn beams, idea lounge and coffee bar. Associates and clients love hanging out with us. Add some fun to your space and watch what happens.

Grow Wisely.
